Giggles Computer Funtime For Baby™

Babies LOVE to tap the keys on the computer! Our brand-new unique software encourages little ones to tap on the keys for adorable onscreen feedback, like animated animal characters, animating shapes, fun sound effects, and great music. Babies just love it! For ages 6 to 24 months; JPMA Booth #1934

NEW! Beobi Storybooks

In every story, a child jumps into the coloring book with the monkeys and travel to new places. Two stories include a CD-ROM for a child's first experience on the computer. This product is simple and fun while introducing them to reading. Appropriate for ages 1-early readers. www.beobi.com

The Time Out Spot™ by Time Out Spots

Finally, a solution for successful Time Outs! The most important aspect of Time Out is consistency. The Time Out Spot allows you to be consistent and provides children with a visual reminder to make good choices. Created by a former teacher, turned mom, Time Outs Spots are the perfect place for when the going gets rough. The circular mats are 27 inches in diameter and made of 100% plush acrylic.

Time Out Spots are machine washable with a non-skid back. Available in blue, pink, and brown/tan versions.
