The Time Out Spot!

Mommy Needs a Time Out tee!

Our friends over at Time Out Spots bring you the coolest way to get your little guy to calm down! Their unique [Time Out Spot](#) provides a cool place where he can take a few minutes and return to his normal self. The spot is made of a very durable, plush, soft carpet and makes a great addition for any room. It looks great on a hardwood floor and will be a great tool to use when 'helping' your little guy learn that we can't always take the dog food out of the bowl and put it in the Playstation's DVD opening.

Also, be sure to check out the stylish tee for mama - [Mommy needs a time out tees](#) are just what you need. Made out of 100% cotton, they are soft and sure to look great on you! [Check them out today!](#)

Be sure to check back soon as Time Out Spots are sponsoring an upcoming giveaway at the Baby Boy Blog!
