

One Chance, Then Put Em' On The Spot

TimeOutSpots™

'mommy needs a time out' tee!

I was talking with my girlfriend the other day about our toddlers, undesirable behaviors, and time outs, and she expressed to me that she didn't have a good spot in their home for a time out. The following week I was introduced to **Time Out Spots**, and thought, "wow, this is PERFECT!" What a great idea!

Time Out Spots was created by **Heather**, a teacher turned mom, who got tired of time outs turning into a game. The stool her son would sit on for time outs would get flipped over, moved around, and it was the last straw when he got up, held the stool to his bottom and announced, "I'm still in time out, my bootie is on the stool." I got a good laugh out of that one (but I'm sure mom wasn't laughing!) I love that Heather took that frustration and got her very own **Time Out Spots** manufactured and turned it into a company with a **celebrity following!**

They come in **cute colors** and even outdoor styles. Buy online or **click here** for a list of California retail locations. Be sure to also check out their "**Mommy Needs a Time Out**" and "Daddy Needs a Time Out" tees! Hilarious. We have to keep our sense of humor in this adventure called parenthood, don't we?!
